HOME SMART HOME

“Ghar me Silly-Kaun?”

Abstract:

For all the innovators, creators, thinkers, movers and shakers, all the round pegs in square holes and the hustlers; we hear you and here we are with an event for you. Our event is based on a trending concept of home automation. Come up with various ways to upgrade your home. So join us to have a great time all the while learning something new.

Problem statement:

In this new age of technology, with so much going around us comes the concept of home automation. So if you think that you have what it takes to automate your home by making the most of today's technology, then this is the place for you. Come and design solutions to the problems and make your home super- comfortable and tech-savvy.

Specifications:

- All the electronic components will be provided at the time of event.
- The participants must have the basic knowledge of electronic components specially breadboard and basic IC's.
- The participants must know how to use the basic electronic devices.
